## STS-104 launch set Thursday

**S**pace Shuttle Atlantis is set to launch at 4:04 a.m. CDT Thursday on mission STS-104. Atlantis will deliver a new airlock — built and tested at the Marshall Center — and a crystal growth experiment — sponsored by Marshall's Biotechnology Program — to the International Space Station. Atlantis also will lift off with a new, improved Space Shuttle Main Engine, developed under the Marshall Center's direction.

**Engineering Directorate awards ceremony 9 a.m.- 1 p.m., July 18, Bldg. 4752**

**Ask Dr. Know your safety, health or environmental issues. See 'Inside Marshall'**

## Disposal sale set July 18

**T**he disposal operation at Marshall will conduct an auction sale beginning at 9 a.m. July 18 at Intergraph Bldg. No. 21. There will be 157 lots ranging from automated data processing equipment to test equipment to furniture. For details, visit the "Inside Marshall" Web site.

## Community Chorus offering discount tickets to NASA team

**M**arshall team members can receive a 10 percent discount on tickets to performances by the Huntsville Community Chorus. The next performance is "Oliver" July 26-29 and Aug. 2-4. For more information, call 533-6606.

**Review Safety Bowl questions on 'Inside Marshall'**
